

Dear Rotary Members,

We would specifically like to thank: Dr. George Stewart, Scott Capshaw, Jim Henderson, Jody Liddicoat and Ron Burson. Thank you so much for allowing us to attend the Pillars of America lunch with you. We greatly appreciated it. The food was delicious, but the speech that Barrington Irving made was incredible and very inspiring to us. It motivated us too be the best we can possibly be. Also, thank you so much for giving all the students a ride to Anchorage. We would not have been able to go if it wasn't for your generosity and kindness. The trip gave us the opportunity to have an out of school learning activity, it was neat to leave school for such a fun event. Once again, thank you for generosity.
